Morning [REDACTED]

We have been made aware of the changes for NW&C and whilst we haven't amended our plan yet, we are looking to see what other options are available. One is we have is that we have moved works away from July/August due to the Commonwealth games and this is now sitting in our "usual" WCML weeks.

I am just waiting on the latest update at Deconfliction this week before deciding how we move forward.

Thanks,

Morning all,

With the abandonment of the Tri-Link 2026 blockades, can you please advise if the Scotland block (possession 4080618) is to be removed as well? If this is to remain, it will mean Scotland team will need to lead on the TT studies we have already requested to support the access.

Regards,
