**PSN-MA-012 Water Orton Possession Strategy Notice 2011 & 2012 –
Network Rail Decision**

Dear All,

Please find enclosed a copy of the Water Orton Corridor Re-signalling Final Possession Strategy Notice, issued in accordance with Condition D2.2 of the Network Code. This is a PSN which covers both 2011 & 2012 timetable years and a geographical area of Wichnor Jn / Nuneaton Abbey Jn to Grand Jn.

This document is Network Rail's decision based on the Preliminary Project Strategy Notice issued on 10th July 2009 and revised in light of Operators' formal responses to that document and our formal review of responses held on 18th August 2009.

As you are aware, in line with Network Code, Part D 2.2.4 Bidders have a 30 day period from today's date in which to refer any disputable item within this Project Strategy Notice to the relevant Access Disputes Resolution Rules panel.

Yours sincerely,

Joe Warr
